

Seed 100 CL™ provides comprehensive nutrition for germinating seedlings, allowing them to emerge earlier and more uniformly while protecting them from biotic and abiotic stresses, resulting in healthy and vigorous plants

KEY BENEFITS

- 1 → Increased Germination and plant stands
- 2 → Earlier and more uniform emergence
- 3 → Better root development
- 4 → Complete nutrition for germinating seeds
- 5 → Helps plants overcome abiotic stress
- 6 → Increases nutrient uptake in seedlings
- 7 → Healthier seedlings

10%
YIELD
INCREASE

SEED+
demonstrated
an average
10 percent
yield increase
across 300 trials
in 16 countries
over 15 years.

Target Crops	Application (ml/kg seed)
Wheat, Barley Oats, Rice	1.5-2.0
Beans and Checkpea	2.0-3.0
Corn, Onion	2.0-3.0
Cotton	5.0
Sorghum, Millet	5.0
Potato, Sugarcane	250ml / acre
Soyabean	2.0-2.5
Sugar beet	4.0-5.0
Tomato	4.0-5.0
Chilli, Cumin	2.0-3.0

METHOD OF USAGE

Seed Treatment

AVAILABLE SKUS

10ml, 20ml, 50ml, 250ml,
500ml, 1Ltr, 5Ltr

We don't promise
greater yields...
WE GUARANTEE IT.
