VERDESIAN
THE NUTRIENT USE EFFICIENCY PEOPLE®

SEED APPLIED TECHNOLOGY

TAKE OFF® ST

A VERDESIANNUE SOLUTION™

CROP NITROGEN ASSIMILATOR

Take Off® ST is a Crop Nitrogen Assimilator that mimics a natural plant metabolite common in all crops. It works INSIDE the plant to accelerate carbon fixation and increase nitrogen uptake and use efficiency.

BENEFITS OF TAKE OFF ST

1. Better Plant Stand Establishment
2. More Efficient use of Nutrients
3. Stronger Healthier Plants
4. Increases Root Production
5. More Yield Potential

NUE Technology Powered by Verdesian USA

TARGET CROPS

Chilli, Tomato, Onion, Cotton, Watermelon, Muskmelon, Cucumber, All gourds

DOSE

1ml / Packet Seed

METHOD OF USAGE

Seed Treatment

AVAILABLE SKUs

10ml, 25ml
100ml, 1 Litre

Invented at Los Alamos NATIONAL LABORATORY EST. 1943

MADE IN USA

We don't promise greater yields…
WE GUARANTEE IT.
